## Transition to College Math Course

This 12-week, FREE online course is designed to prepare students to take college level math classes. Students will be given a pretest to determine initial skill and starting point for the class. This class will be taught online via Google Meet. Content will be provided through Google Classroom. Students will receive an invitation via email once they register.

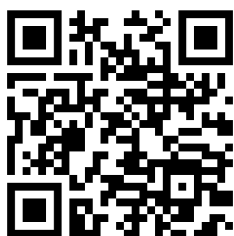

### CLASS REQUIREMENTS:

- Must have a device with a webcam and a microphone
- High school diploma/GED/Adult Diploma
- A gmail account
- Register by September 13
- FOR TEACHER USE: CASAS Goals Math 221+ or TABE 11M Math 536+ (6th grade proficiency)

**Hiawatha Valley**  
**Adult Education**

### SCHEDULE

- 12-week program
- September 23-December 18
- Mondays and Wednesdays online from 6:00-8:00pm
- Tuesdays and Thursdays IXL homework
- Students will be given a pre-and post-test to determine their level of understanding

To register for this course, use the QR code or email Kayla Young at [kmyoung@rwps.org](mailto:kmyoung@rwps.org) or contact your local ABE program
